

What will my child(ren) learn from Emmaus Preschool and Pre-K?

We designed our educational curriculum to be exceptional in all ways. Our program is full of exciting, well-prepared challenges to inspire and motivate each child. Our activities promote play, discovery, creativity, independence, critical thinking, decision-making and language development.

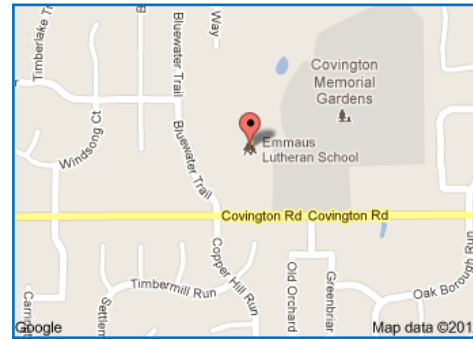

The focus is not solely on academic readiness, but also the social, emotional, and spiritual components that play an important part in a child's future success in school and in life. Our teachers take pride in giving each child the individual attention they need to reach their full potential, as well as, forming a close-knit preschool family.

Enrollment for Preschool is for children who turn 3 by Aug. 1 and our Pre-K is for children who are 4 by Aug. 1. Emmaus welcomes all children without regard to race, ethnic origin, sex, or creed.
